SUMMARY

Driven third-year engineering student and web developer with hands-on experience in the MERN stack. Proficient in designing and developing interactive, user-focused web solutions and actively expanding full-stack development skills. Strong commitment to delivering dynamic and impactful web applications, with a focus on usability and performance. Seeking opportunities to bring technical expertise and dedication to a collaborative team environment.

EDUCATION

NMIT, Visvesvaraya Technology University

Bachelor of Engineering in Computer Science and Engineering — GPA: 8.6

Bengaluru, India

Aug 2022 – June 2026

Surendranath Centenary School, CBSE

PU—PCM— 85.8%

Ranchi, India

Apr 2019 – Apr 2021

Mount Carmel School, CBSE

Class X — 90%

Ranchi, India

Apr 2012 – Mar 2019

PROJECTS

Food Ordering Web Application

Sep 2024

- Developed a responsive food ordering website with dynamic menus, user authentication, and personalized user dashboards using React, Node.js, MongoDB, and Ola Maps integration.
- Optimized performance to ensure a seamless user experience with fast load times and efficient data handling across the platform.

Realtime Chat Application

Jun 2024 – Jul 2024

- Built a real-time chat application using React and Node.js with secure user authentication and dynamic user interface.
- Integrated features such as user presence status, and responsive design for optimal performance across all devices.

SKILLS

Languages: Java, JavaScript, SQL

Technical: Data Structures and Algorithms, Object-Oriented Programming, MERN stack

Developer Tools: Git, Postman

Soft Skills: Team Management, Communication, Growth Mindset, Result-Driven

EXPERIENCE

Web Developer (Internship)

Oct 2024

Octopi Labs

Bengaluru, India

- Developed and optimized complex user interfaces using React, ensuring a smooth, responsive, and dynamic user experience.
- Integrated frontend with backend APIs to fetch and display real-time data.
- Collaborated with the team to improve application performance and UI/UX design.

ACHIEVEMENTS

Achieved **3rd place** in a competitive Quizzathon conducted by Nokia, demonstrating strong problem-solving skills, technical knowledge, and aptitude in various domains.

Secured **Runner Up** position in Nokia Appathon Event.

Successfully developed a Phone Mirroring Application during Nokia's Appathon, demonstrating innovation and mobile application development skills in a competitive environment.
